- Ongoing Training Programs and Support – We hold annual training programs and bring in experts from USA, Germany and Singapore to provide training in Vietnam.
- Support from our experienced UK, Filipino and Vietnamese staff. Our Trainers are accredited by the I.D.A (International Detailing Association) and have undergone training by a very experienced German detailer.

## CAR DEALERSHIP PARTNERSHIP

---

We work with many partners in the industry here in Vietnam, we have detailed and protected cars with IGL ceramic coating for many luxury brands such as Bentley, Lamborghini, Range Rover and Jaguar to name just a few of our recent partners.

In the UK and USA it is very normal for car dealerships to offer their customers a paint protection package when they purchase a new car. We provide this service to a number of dealerships in Ho Chi Minh City

By introducing your customers to IGL Ceramic Paint Protection packages, you can be assured that the vehicle you have sold will look outstanding and be protected for many years.

We are the number one paint protection centre in Vietnam, our staff are from the UK, Phillipines and Vietnam and we have protected more than 3500 vehicles in HCMC alone since 2015. IGL Coatings are the only ISO 9001:2015 certified ceramic coating manufacturer in the world, winning frequent awards for their products around the world.

We provide training for your service technicians to meet UK standards of training in detailing and car care services, your clients can be assured they are getting the highest possible quality of service.
